1. About the Office and Workflow

Can you tell me more about the history of the Mangatarem Tourism Office? (optional)

1 response

The Mangatarem Tourism Office is the municipal government unit responsible for promoting, managing, and developing tourism in Mangatarem, with a focus on natural attractions, cultural heritage, and community-based tourism initiatives. Its work aligns with provincial and national tourism frameworks, particularly in highlighting destinations such as the Manleluag Spring Protected Landscape, Pacalat River, Daang Kalikasan, as well as local festivals and enterprises. While tourism promotion in Mangatarem had long been pursued through various municipal efforts, a key milestone was reached in 2022, when the Tourism Office was formally designated and placed under the Office of the Mayor, strengthening its institutional role, coordination, and capacity to implement tourism programs as part of the local government's development agenda.
